Marine at Legation at Pekin, China.

Peking, China, June 30.—The only U. S. Marine in the world who has never seen the United States is on duty at the American Legation here. He is Private C. W. F. Childress, who was born of American parents in China. When he became of age a few weeks ago he decided to join the Marines and enlisted at the Legation.

Childress is a tall, good looking lad who can speak the Chinese language like a native. His services as an interpreter are especially valuable to the Marines. IN MEMORIAM

In loving memory of EMMA TOPTOPING HARRELL, who left us one year ago today, June 30, 1919.

She traveled the journey before us,
She has known all the cost of the way,
She paid out the price to its fullness
That motherhood only can pay.
She met her Saviour on the strand,
When angels took her by the hand,
Alone, oh no she is not alone,
For Jesus claims her as His own.

ADMINISTRATION FORCES IN CONTROL

Reed Routed Without a Fight and Favorites Given Helm

PROHIBITION ISSUE

Senator Robinson Permanent Chairman and Glass Heads Resolutions Committee.

San Francisco, Cal., June 30.—The shifts in the Democratic situation in the hours which preceded the second session of the convention yesterday afternoon were featured by two outstanding developments.

One was the slowing down of the McAdoo boom, the President's son-in-law having attained a place so far in front in the prior 48 hours that Monday night the strength of every other interest in the convention was thrown against him. Realization that their first business must be to "stop McAdoo" had swept over the camps of other candidates.

The second development was the completion of copper-riveted Administration control of the convention organization by last night's selection of Senator Joseph Robinson, of Arkansas, as premanent chairman of the convention and of Senator Carter Glass, of Virginia, as chairman of the resolutions committee, in accord with the Administration schedule.

The credentials committee yesterday morning completed the job, begun by the national committee, of closing the convention doors against Senator James Reed, of Missouri, anti-Administration and anti-treaty member of the Senate, whose credentials as a delegate from the Fifth district of Moussouri were held to be faulty.

The same committee seated the Palmer delegates from Georgia, who are Administration supporters, and upheld the national committee in refusing admittance to the delegates who represented the Hoke Smith-Tom Watson anti-Administration forces in that State.

The resolutions committee put the detailed business of platform-drafting into the hands of a subcommittee which is strictly an administration subcommittee and which went at the business of platform-drafting with vigor yesterday. The nine members of the subcommittee do not include William Jennings Bryan, and it is not without significance that Vice-President Thomas R. Marshall also is not one of the elect. The subcommittee will draft a proposed platform free from influence of Mr. Bryan, who will have to fight for insertion of his dry plank and no other proposed planks after the subcommittee reports to the full committee.

Mr. Bryan will be unsuccessful in the full committee and will carry his battle to the floor.

Following a talk which Vance C. McCormick had with William Jennings Bryan Monday night in Committee on Resolutions, a report was in circulation to the effect that Bryan in an effort to block the nomination of McAdoo, will throw what strength he has in the Convention to Palmer.

Bryan has not much love for Palmer, but if, by aiding the Pennsylvanian, he can defeat the administration in its desire to name McAdoo, he will be happy.

Open warfare over prohibition, the Irish question and other troublesome issues of the platform began yesterday in a storm-swept committee hearing, while in private the leaders continued their negotiations for a settlement to keep the hostilities from spreading later to the floor of the convention itself.

DEATH OF MILTON ALEXANDER

He is survived by his wife and two children, Ralph Alexander, of Lancaster, and Mrs. C. C. Leadbeater, of this city.

TO DROP EMPLOYES

Cut to be Made Because of Insufficient Funds in Appropriation

Washington, June 30.—Approximately 709 Navy Department clerks will lose jobs July 1 because of insufficient Congressional appropriation, according to information received from official sources yesterday.

The creation of a new division in the Bureau of Navigation has saved the jobs of at least 150 war time clerks, who would have been released Thursday.

Complete and accurate figures covering the number of clerks who will be released, beginning with the new fiscal year, will not be available until July 15, it was stated.

But a small number of the 10,000 government clerks to be released during the next two weeks will be able to find positions here, according to George S. DeNeale, Federal director of the Citizens' Employment Bureau.

Definite announcement was made by the civil service commission yesterday that there was small hope of released government clerks finding other Federal employment here.

"While our office has been receiving from 110 to 150 applications for employment each day, it has been impossible to make placements of more than 50 a day," said Mr. DeNeale. "I do not believe Washington can absorb more than a limited amount of the surplus workers resulting from the forced cut in government offices."

More than 5,000 employes were discharged by the War Department during June in preparation for the general reduction, and it is estimated conservatively that 3,000 more must go. The Department of Navy, Justice, Labor and the Treasury, will also trim their office forces.

Reduction at the shipping board is going steadily on and the force retained by the railroad administration to wind up government business is being constantly reduced.

Since the armistice the Civil Service Commission has been able to replace nearly 5,500 clerks, most of them being sent to the Census Bureau. Discharged War Department workers who have been drawing $1400 or more yearly are not anxious for the Census places at $1200

STATE WINS DECISION

Judge Brent Makes Important Ruling in License Tax Case

Judge Samuel G. Brent, of the circuit court for Arlington county, yesterday handed down a decision in a case involving the tax laws, holding to the views of the state tax board. The case was whether the plaintiff, an oil company, was subject to the license tax laws of the state on goods which were bought and then brought into Virginia and sold beyond the borders of the state. The company contended that this was interstate commerce. The state contended that, inasmuch as the goods were bought for sale by the purchasers in the state, the goods brought in and then sold to parties beyond, was not within the purview of the interstate commerce regulations.

J. Vaughan Gary, of the state tax board, appeared for the state with the attorney for the commonwealth, the case being argued at length before the judge, who handed down his ruling promptly. Reliance was made by the defense in other cases held to be similar, but it was shown that there was this difference—Virginia companies would buy goods, they would not be sent to Virginia, but were delivered to persons and firms outside of the state never coming here at all.

Oil companies with headquarters in this state on the southern line of the Potomac river obtain oil in barges and store it in tanks in Virginia, the oil tanks or wagons then taking the oil to Washington and places on the other side of the river and selling to customers there.

SUNDAY SCHOOL EXCURSION

As the Marshall Hall boat has practically given up Alexandria as a regular stop on its moonlight trips down the Potomac many Alexandrias are prevented from enjoying a ride down this broad river these hot summer evenings. Christ Church Sunday School has made arrangements for the boat to stop at the Cameron street wharf on Thursday July 1, at 10:20 a. m., 2:50 and 7 p. m., and those who are fond of the river will have this opportunity of enjoying themselves.

IN MEMORIAM

In sad but loving remembrance of my dear daughter, EMMA TOPPING HARRELL, who left us one year ago this morning, June 30, 1919.

Your companionship in life was always near,
And now in my memories I hold you dear,
Will your dear eyes meet me as in days that are past,
Oh; my heart will be glad when I find you at last.
On the shore of that wonderful land
Oh how I miss your presence,
Though your spirit hovers near,
And a voice from Heaven tells me
Trust in God there's naught to fear.
No matter how heavy our loss,
No matter how great our despair.
It makes Heaven near r and dearer
To feel that our loved ones are there.
Fold her O Father in thy arms,
And may she henceforth be
A messenger of love between
Our human hearts and thee.
Come to me, my darling Emma,
Wrap your arms around me tight,
Ask God to comfort your broken-hearted Mumsey tonight.

Mother.

Silently the shades of evening
Gather around our lonely door,
Silently they bring before us
Your face we shall see no more:
Guarded and kept by the Saviour,
Victor o'er death and the grave,
We know she is sweetly sleeping
In Jesus the mighty to save.

Sister Florence.

STATE FIREMEN HERE AUGUST 25-27

Local Members Organize to Entertain The Visitors

J. T. SHINN CHAIRMAN

Another Meeting Friday Night When Further Plans Will be Considered—Expect Large Crowd Here.

Representatives from the three fire companies of the city met last night at the office of Fire Chief Ogden and mapped out plans for entertaining the delegates who will attend the thirty-fourth annual convention of the Virginia State Firemen's Association which will be held in this city August 25, 26 and 27. This association has on its roster more than 1800 members.

Another meeting will be held Friday night when chairman of the other committees will be elected. The various chairmen will name their own committees.

The following officers and chairmen were elected: Edward J. Shinn, chairman; A. Sidney Mankin, secretary; Norman Roberts, treasurer; John H. Trimyer, chairman of finance committee; J. Randall Caton, chairman of the publicity committee; Claude W. Fletcher, chairman of hotel committee; John E. Edmonds, chairman of invitation committee; A. Sidney Mankin, chairman of badge committee.

The last meeting of the association was held in Charlottesville last August and was largely attended. It is expected that the meeting in Alexandria will be more largely attended than that held in Charlottesville.

Present officers of the association are: Chief K. W. Ogden, Alexandria; President, Chief K. W. Stow, Newport News, vice president; J. T. Williams, Charlottesville, treasurer; L. E. Lookabill, Roanoke, statistician; Dr. H. W. Battle, Charlottesville, chaplain.

The local committee planned an elaborate entertainment for the firemen during their stay in this city, which probably will surpass any heretofore tendered the firemen.

WANTS LAW AND ORDER

Conditions on the river front at Philadelphia are represented as serious by papers of that city. The trouble is the result of a strike by longshshoremen, who have quit work themselves and are averse to others carrying out the decree of high heaven to labor for their sustenance.

Shade of William Penn defend us! If that good, peace-loving Quaker is in that cloud of witnesses which we are told are interested spectators in the race of human life, he must be grieved to view such scenes in the city bearing his name; so may be Benajmin Franklin, who worked at his trade in the city of brotherly love over a century and a half ago.

One of the Philadelphia papers in speaking of existing conditions says:

"It is time that practical and effective steps were taken to halt lawlessness on the Delaware River front. Longshoremen have been on strike since the early part of this month, and at intervals since then we have had stories of assaults and riots, which indicate a reign of terror in that neighborhood. Most of the fighting has been between the strikers and those who have taken their places, but more than the usual number of innocent bystanders have been subjects for the hospitals

"It is intolerable that such a condition of affairs should be permitted to continue in Philadelphia.

"The duty of the Mayor and of the Department of Public Safety is plain enough. In the first place, the citizens of that section are entitled to be protected in their lives and property. In the second place, men who are willing to work must not be molested. The strikers insist upon their right to strike, and they should be willing to concede the right of other men to work. To admit anything else would be to substitute anarchy for law and order."

FATTENING ON PROHIBITION

R. W. Stone, Director of Prohibition for Chicago, produces figures showing that the average druggist in Chicago is making a net profit of at least $6880 a year on his liquor prescription business.

Mr. Stone produced the following data to support his contention.

The druggists are allowed and receive 100 gallons of whisky every three months, or 400 gallons a year, which equals 3200 pints a year; 3200 pints sold at a minimum of $3 per pint (most charge more) brings in a gross return of $9600.

These 3200 pints are bought from the bonded warehouse at an average price of 90 cents a pint and often less, or $288. This leaves a net profit of $6800.

FOOD WASTAGE

Attention has often been directed to the fact that the French people are averse to wasting food of any kind. They are famous for utilizing remnants, making them reappear in other shapes so as to appeal to the family board.

In this day of high wages and plenty of work many people in the United States are wasteful, and much in the way of food finds its way into the garbage can.

More than 4,000,000 loaves of bread a week, the equivalent of 690,000 bushels of wheat a year, are wasted in New York. Mrs. Louise Reed Welzmiller, deputy commissioner of public markets, declares. The waste is in the form of stale bread and toast, which might be utilized in one way or another.

"The Girl Who Dared," a new photoplay of the Old West, will be shown at the Ingomar Theatre today. It is a photoplay that is full of promise of thrills, dramatic situations, picturesque setting in the wild reaches of the borderland, and a climax that brings a number of surprises with it.

RICHMOND THEATRE

Appearing in one of the most delightful roles of his screen career, Wallace Rid scores a veritable triumph in his latest starring vehicle, "The Valley of the Giants," a Paramount-Artcraft picturization of Capt. Peter B. Kyne's celebrated novel of the California redwoods, at the Richmond tonight. This production, directed by James Cruze, is exceptionally charming, and from every standpoint of art is worthy of the trademarks under which the picturization was accomplished.

TURKS FLEE FROM GREEKS

Smyrna, June 29.—An official communication issued at Greek army headquarters yesterday says with regard to the fighting against the Turks

"The very heavy enemy losses at Ala-Uhehr (ancient Philadelphia) on June 25 have been confirmed. More than 2,000 dead were counted in the Gediftchai valley of Hermos. A large number of the prisoners taken had saber wounds. Our cavalry pursued the enemy into the Gediftchai.

RIOTING IN ITALY

Outbreaks at Many Points Indicate Plot Against Social Order

Rome, Sunday, June 27.—Reports of disorders in widely separated parts of Italy appear to corroborate the impression that they are part of a deep scheme to overturn social order throughout the entire country. Unemployment is the alleged reason for the strikes now in progress and for rioting.

At Cadore, Venetta, red flags have been hoisted above the municipal buildings. Telegraph lines have been cut and roads blocked with trees at Lozzo, Callazo and Domegge. Carabineers in armored cars have dispersed rioters at Bribasso. At Roncole an aqueduct has been cut.

Discontent which long has been held under restraint at Piombino has burst out violently and soldiers and police are protecting shops in that city. They have been attacked with revolvers and hand grenades and have replied with machine gun fire. Many on each side have been killed and wounded.

Quiet was restored today by carabineers in the central part of Ancona, according to dispatches from that city, the anarchists who have been creating serious disorders there returning to the suburbs.

One hundred and ninety-three persons were placed under arrest by the troops, reinforcements from which still were arriving today.

Sisimeoe Schneider, chief of the communist anarchistic party, died today in a hospital as a result of wounds received in the previous fighting.

Pisa, Italy, June 27.—Barracks were attacked here yesterday, but the assailants were repulsed. The rioters built barricades in the streets and pillaged liquor and clothing stores until order was restored by reinforcements to the garrison. Two of the rioters were killed and many have been arrested. There were a number of casualties among the police and soldiers.

Brescia, Italy, June 29.—Socialists and popularists have clashed at Rezzato. Police forces intervened, and in the fighting one policeman was killed and it is believed there were several other victims.

COMMITS SUICIDE

Grieving Husband Shoots Self Over Wife's Death Bed

Boston, June 30.—Edward Freeman, 25, shot and killed himself in a bedroom of his home at Roslindale yesterday, a few minutes after his wife had died of tuberculosis.

According to the police Freeman stood over the bed on which the body of his wife lay, pressed a revolver against his temple and pulled the trigger. He died instantly.

MAPP MAY OPPOSE TUCKER

Friends Say Announcement Probably Will Be Made Latter Part of This Week

Richmond, June 30.—Friends of State Senator G. Walter Mapp, of Accomac, say he will probably be in Richmond during the latter part of the week to announce his candidacy for the Democratic nomination next year for Governor of Virginia.

Representative H. D. Flood has been regarded a possible candidate.

Forces working for the nomination of Harry St. George Tucker are confident that the Lexington man has nothing to fear from any source. They assert that he will carry practically every congressional district in the State, regardless of who may oppose him. Since becoming an avowed candidate he has visited all sections of Virginia and has been acclaimed everywhere as the next Governor of the State.

Supporters of Tucker assert that Senator Mapp's appeal will be largely to orthodox prohibitionists and leaders in the movement for ratification of the Susan B. Anthony amendment to the Federal Constitution, extending the right of suffrage to women.

SIESTA ABOVE THE CLOUDS

Chicago, June 30.—Taking a nap above the clouds in an electrically heated airplane at an altitude of six thousand eight hundred feet while traveling between Albany and Buffalo, was one of the incidents recorded in the log of a party which recently arrived here from New York on their way to Omaha to attend a wedding. They made the journey in an all steel monoplane.

Luncheon, with a full complement of silver and tableware; after dinner cigars for the male passengers and special vanity cases for the ladies, were some of the features of the new plane.

The machine covered more than 950 miles on the trip from New York to Chicago, going up into Canada to avoid a storm over Southern Lake Erie. The actual running time for the trip was 8 hours and 54 minutes.

FROZEN AND STARVED

Man Was Mildewed, Hungry and Stiff In Refrigerator Car

Sterling, Ill., June 30.—A. Campbell, "the mildewed derelict," taken senseless from a refrigerator car here and at first believed to be dead, will recover, physicians attending him said. Already he has recovered sufficiently to tell disajointedly the story of his fifteen day's imprisonment in the sealed car without water and without food.

"Wanted to get to Chicago," he explained weakly.

"Climbed in car, couldn't get out—locked. Full of pulp. Thirsty, hungry, sometimes chewed pulp. It hurts to be hungry—then I forget.

"I got so thirsty it burned. Pulp didn't help much. Then it rained—heard it beating on the roof. Tried to get at it—see?"

Then the man held out his hands lacerated apparently by the slats of the car ventilator.

Campbell was found when workmen entered the car to unload it at a local plant. After finding Campbell, his body and clothing covered with mildew, they reported a man had been found dead in the car. A physician detected a scarcely perceptible heart flutter and ordered Campbell to an infirmary. He will be in a few days.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Sufferings.

Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S. S. S., which is sold by druggists everywhere.

Begin taking S. S. S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

Poor Old Bill.

Three "knights of the grip" are swapping experiences. "Bill" Simpson, the oldest member of the group has just taken a pill, followed by a swallow of water.

JIM BAILEY: (the youngest of the three) "What's the idea, Bill? Got to tone up the old digestive organs?"

BILL SIMPSON: "No, trouble isn't with digestion—it's with elimination. I've taken every pill from New York to Frisco—can't quit and can't seem to get any better."

"Why don't you take care of yourself? Exercise, get some sleep once in a while, eat the right food. That's the trouble with you."

"Exercise! Sleep! Eat the right food! Holy catfish! Say—why you've been toting a sample grip for about 14 hours a day for twenty years, sleeping on a Pullman shelf, and eating the stuff any hash-slinging restaurant-waitress is willing to bring you—then you can talk. My system has stood for more punishment than a back-curtain in a hit-the-nigger-in-the-eye side show. It's a wonder it is working at all."

JOHN GILFORD—(who has smilingly observed this interchange) "Poor old Bill! You have just summed up the reasons for practically all the digestive disorders and intestinal troubles that so many traveling-men suffer from—with the exception of myself and some others."

"Yourself and some others? What sort of hokum is that?"

"Listen. You have both seen Nujol advertised, haven't you?"

OTHERS: "Sure."

"Well, Nujol has saved me from more lost days through illness than I can thank it for. When I started on the road, three years ago, I had a talk with my doctor. He told me that the things a traveling man has to put up with, like irregular eating, poor food, change of water, and-so-forth, usually make him constipated. 'Oh, a laxative now and then will help me through that', I said. That sure did get his goat. He told me that laxatives and purgatives would ruin me quicker than anything else. He showed me that they weaken the bowel muscles and make them less able to work—the more pills you take, the more you need. 'Nujol is the stuff for you,' he said. Then he explained how it works, and you can bet when I left on my first trip I slipped a bottle in my bag. I've never been without it since. It's kept me regular as clockwork."

OTHERS: "How does it work?"

"On an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This helps the many tiny muscles in the walls of the intestines, contracting and expanding as they should, to squeeze the food waste along so that it passes naturally out of the system. Nujol prevents constipation because it helps the body to evacuate at regular times—the healthiest habit in the world. It's absolutely harmless and pleasant to take."

"Say, John. Show me to the nearest drug store. I want to give that stuff a try-out; and if it's all you say it is, I'll buy you a box of sure enough Corona-Coronas."

Nujol is sold by all druggists in sealed bottles only bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

FIST FIGHTS MAR PLAN

Franklin Roosevelt Roughly Used to Check Administration Parade

San Francisco, June 30.—Tammany's long smouldering resentment against the present Democratic administration broke into a free for all fist fight yesterday, which had the convention in an uproar and marred what was planed to be a wild demonstration for Woodrow Wilson.

It was wild enough while it lasted, with the New York standard pulled and hauled, Assistant Secretary of the Navy Roosevelt in the midst of the melee and a score of assistant sergeant-at-arms and policemen struggling to restore order among a group of scrimmaging delegates.

Roosevelt started the hostilities when he attempted to take the standard of the Empire State and thrust it into the impromptu parade started by the Virginia delegates with the mention of the President's name.

"All we ever got from Wilson was three cheers. That's all he gets from us," shouted one big delegate as he rushed for the Assistant Secretary of the Navy. Ex-Mayor George Lunn of Schenectady then attempted to frustrate Roosevelt and George E. Kent of Jericho made it a three cornered argument.

Delegates from the surrounding States of New Jersey, Rhode Island, Oklahoma and the District of Columbia who were wildly cheering and marching attempted to pull the New York delegates into line, but Charles Murphy's henchmen met moral suasion with physical arguments and a number of enthusiastic Wilson men lost their ambition through vigorous blows on tender spots.

When it was all over New York's somewhat weather beaten and frayed standard was standing where it belonged.
